

# UNLEASHING OUR POTENTIAL, LICENCE REFORM ESSENTIAL

## L-CATEGORY LICENSING REFORM PROPOSALS

October 2023

### IT'S TIME FOR ACTION:

#### A Call to Reform Moped & Motorcycling Licensing

We're rallying for change! Our message to the Government is crystal clear: Conduct a full-scale review of the L-Category licensing regime. This includes all mopeds, motorcycles and other powered three (tricycles) and light four-wheeled vehicles (micro cars).

### OUR AIM?

To make it simpler, fairer, and more accessible for all.

#### REVOLUTIONISING ACCESS TO THE MOPED AND MOTORCYCLE SECTOR

Get ready for a game-changer! MCIA proudly introduces *A Licence to Net Zero*, a revolutionary campaign on a mission to remove barriers and open the world of motorcycles and mopeds to a much broader section of society.

#### NET ZERO DRIVES: LICENCE REFORM GUIDES

Join the green revolution! Our campaign is powered by a desire to help reach net zero. We're not just simplifying access – we're driving toward a net zero future.

#### STREAMLINING FOR SUCCESS

Saving pounds, driving progress! Our reform recommendations will make licensing more efficient and cost-effective. Putting money back in both your pocket and the Government's while paving the way for a streamlined experience.

#### SAFETY FIRST, ALWAYS

Step onto the path of change without compromising safety! With our campaign, safety is non-negotiable. We're raising the bar, enhancing protection while making access easier. Picture safer streets where mopeds, motorcycles and other powered light vehicles stand for both progress and security.

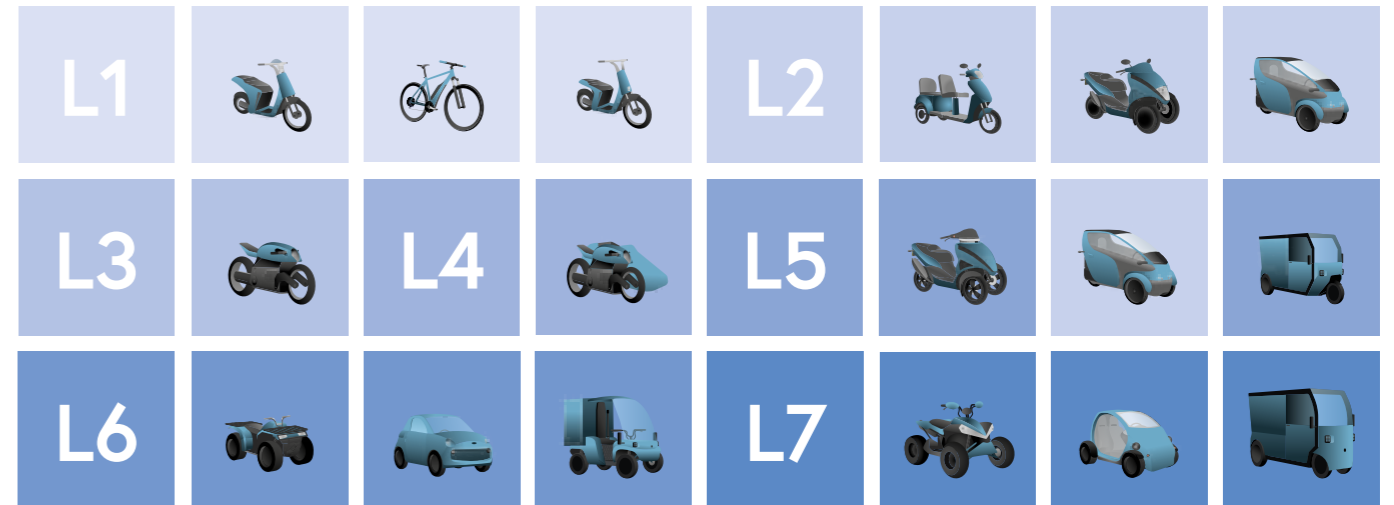

#### OUR VISION FOR THE FUTURE

Fast-forward to the future with us! Picture a world where environmentally friendly modes of transport are within reach for everyone. Join us in turning dreams into reality with *A Licence to Net Zero*.

### L-CATEGORIES:

L-Category vehicles, also known as powered light vehicles are divided into the following categories:

### SHOW YOUR SUPPORT!

**Your voice counts.** Join our campaign for a better, more inclusive licensing system. Together, we're shaping the future of transportation. It's time to make our roads safer, greener, and more open for everyone.

Download a [Communications Toolkit for MPs here](#), and for [non-MPs here](#), to find out how you can:

- **Write to Your Local MP:** Reach out to your local MP(s) to express your support for licensing reform.
- **Call on the Government directly:** If you're an MP, write to the Minister highlighting the importance of a comprehensive licensing review.
- **Let the media know about your support:** Issue a press release, outlining you or your organisation's support for the campaign.
- **Share on Social Media:** Spread the message on social media platforms. Share our posts and use different graphics with the hashtag **#ALICENCETONETZERO**.
- **Stay Informed:** Stay up-to-date with MCIA's updates on L-Category licensing reform. Knowledge is power!

**TOGETHER, WE'RE DRIVING CHANGE AND BUILDING A BRIGHTER FUTURE FOR ALL.**

Join the movement today! Stand with MCIA: Let's Drive Change, Together!
